#### Appendix 1

Our school has obtained a subsidization of Quality Education Fund (QEF) to improve administration by using I.T.. One measure is to use the Campus E-payment system to simplify the procedures of in-school payment. The E-payment system will be briefly explained as follows:

#### (a) E-payment system

- (i) Parents have to settle the miscellaneous payment for the whole school year through the e-payment system once a year. The items include exercise books, air-conditioning, IT development fee, Membership of Student Association and Houses, etc.
- (ii) Parents must receive formal notices from the school before settlement of any payment. The school will notify parents of the amount of payment through parents' letter. Parents can use the methods shown in part (b) to settle the payment through the E-payment system.
- (iii) Parents and students may validate the payment details through logging into their E-class account.
- (iv) At the end of each academic year, the remaining sum will be carried forward to the next academic year automatically, without any interest. The surplus amount will be returned to the parents / guardians when the students leave school or graduate from school.
- (v) For any enquiries, please contact Mr. Hsia MW (Chairperson of IT Committee).
- (b) Parents may settle the payment by using the following two methods:
  - Method 1: Register Student ID card number and Merchants code in PPS account and then use telephone / Internet. Each transaction will be charged \$2.2 by PPS for the handling and management fee. (Please refer to appendix 2 for more details)
  - Method 2: Parents may bring the Student ID card and show the barcode which can be found on the back of the card to add cash value at the cashier in any Circle K counter. \$3.4 will be charged for each transaction by PPS for handling and management fee.
